Expanding your vocabulary

Student sheet · Première and Terminale · general pathway: tronc commun B1+ towards B2 in Première, B2 in Terminale, spécialité LLCER towards C1 · technological pathway: B1 towards B2 · 2 lessons of 55 minutes, timed for 52 minutes.

Use this sheet in class or at home. The word banks, the methods, the exercises and the answer keys are on the sequence page. Make your own bristol flashcards: the sequence page lists items to put on the cards and gives a blank template. This sheet is not a ready-made deck.

My track and my aims

❒ General track (six words per axis) ❒ Technological track (four words per axis)

I can…

❒ I can place a word on the right axis and use it in a sentence of my own.

❒ I can use a collocation and choose a formal or a polite wording.

❒ I can build a word with a prefix or a suffix, and link two ideas.

Lesson 1 · A word bank for each axis

Words I want to keep (copy onto a bristol card if they are still fragile):

Axis	Word or phrase	Collocation or family	My sentence
1 Identities and exchanges			
2 Private and public space			
3 Art and power			
4 Citizenship and virtual worlds			
5 Fictions and realities			
6 Scientific innovation and responsibility			
7 Diversity and inclusion			

8 Territory and memory

Homework for next lesson: .....

Lesson 2 · Building, linking and picturing words

Prefixes, suffixes and linking words I want to keep:

A metaphor or an image I can reuse:

Opening of my paragraph / my one-minute oral:

Homework for next lesson (spaced review: today, in three days, in a week, in three weeks):
.....

My flashcards

I am making my own pack, with the colour code: vocabulary (green), grammar (red), linkers (blue), word formation (purple). Target: 12 cards in box 3 before the short assessment.
